1959

INDEX

VOL. 117, JANUARY TO DECEMBER

Combined Table of Contents

Plant Maintenance and Engineering

Management and Practices
- Preventive maintenance plan fits anywhere. K. H. McBrady ... Jan 60
- What industry is spending for maintenance ... Feb 72
- Now—a more exact cost index ... Feb 79
- Measuring maintenance output. A. M. Robinson ... Feb 220
- Finding plant facts faster. L. H. Clark ... Mar 82
- Simpler maintenance incentive. R. H. Tolman ... Mar 170
- Cutting costs on small repairs. C. E. Knight ... Mar 216
- Ten top plants at work ... May 151
- Hitting the high cost of handling in maintenance. J. D. Wray ... June 94
- How a pro looks at maintenance cost reduction. Carl Wyder ... June 222
- The facts about contract maintenance ... July 170
- Weighing payoff vs. costs in contract maintenance ... July 190
- Meeting the labor problems in contract maintenance ... July 202
- Handling labor relations in contract maintenance ... July 210
- Billion-dollar paint thief ... Aug 140
- What to do when your power fails ... Aug 152
- How to organize for better maintenance. T. A. Mostyn ... Sept 109
- Finding the place and scope for maintenance ... Sept 110
- Building productivity with a strong team ... Sept 114
- Improving control with better organization ... Sept 118
- What today's malfunction detectors will do ... Oct 96
- Work sampling in maintenance ... Dec 72
- Chart your way to better maintenance. C. G. Saunders ... Dec 148

Buildings and Yards
- Master-planning modernization ... Jan 47
- When product changes call for new processes ... Jan 52
- Easy-way plant housekeeping ... Mar 48
- 159 ways to build for low-cost maintenance ... Apr 172
- A quarter-century of progress in plant buildings ... May 66
- America's top plants of the year ... May 73
- How the winners choose sites ... May 124
- 25 years of winning plants ... May 138
- Top plant specifications ... May 143
- Built-in low-cost maintenance ... May 160
- Updating plant buildings ... June 76
- How 11 plants cut cooling loads ... Aug 74
- Your winning ticket in 1960 ... Aug 84
- Modernizing old buildings ... Oct 92
- Six plants work together as one ... Dec 42

Services and Facilities
- Getting what you need in automatic controls ... Mar 70
- Top plant specifications ... May 143
- Newest way to cut the cost of your instrument maintenance. Lady & Matthews ... June 160

Electrical services
- Coming up fast: static switching. E. H. Abbe ... Feb 232
- Why better lighting is a "must". Tugman & Phillips ... Mar 73
- Top plant specifications ... May 143
- Ten top plants at work ... May 151
- The year's ideas in electric power management ... May 176
- 16 signs that say "power troubles ahead". G. C. Quinn ... July 70
- The newest in two-way radio. L. G. Sands ... Sept 272
- Getting "extras" from your electrical expert. G. C. Quinn ... Oct 230
- New weapon for plant troubleshooters ... Dec 64

Winners of "Top Plant of the Year" Awards
- Charles Bruning Co., Inc ... May 80
- Bucyrus-Erie Co. ... May 84
- Cutler-Hammer, Inc. ... May 88
- International Business Machines Corp ... May 92
- Kaiser Aluminum & Chemical Corp ... May 96
- National Biscuit Company ... May 100
- Split Ballbearing, A Division of MPB, Inc ... May 104
- Square D Company ... May 108
- The Stuart Company ... May 112
- Texas Instruments Incorporated ... May 116

Six Modernization Case Books
- Production ... Nov 42
- Maintenance ... Nov 108
- Material Handling ... Nov 156
- Buildings ... Nov 210
- Plant Services ... Nov 252
- Electrical Services ... Nov 306

Production

Organization and Management
- What three plants have learned about tape control. H. P. Kilroy ... Apr 140
- Probing every plant job ... June 82
- Newest problem-solving tool: dynamic evaluation. F. T. Koen ... Sept 98
- FACTORY'S 1960 Audit Guide for Manufacturers ... Dec 50
- Big company V. P. takes aim at 1960 costs ... Dec 59
- This inspector is a bird ... Dec 70

Production Controls and Systems
- Measuring hard-to-measure jobs ... Feb 192
- Cost control—past, present, and future. Phil Carroll ... Mar 62
- How cost control grew up ... Mar 64
- Where cost control stands today ... Mar 66
- What's ahead in cost control ... Mar 68
- New survey: wage incentives and work measurement ... Apr 74
- Ten top plants at work ... May 151
- The very best in production control ... May 152
- Creating a climate for ideas ... June 74
- Work measurement. H. B. Maynard ... Aug 60
- How work measurement got its start ... Aug 62
- How work measurement looks today ... Aug 64
- Where work measurement is headed ... Aug 66
- Three rules to help you stop thieves in your plant. J. A. King ... Aug 168
- Work sampling today. W. J. Richardson ... Sept 122
- New way to schedule production. F. T. Koen ... Oct 254
- FACTORY'S 1960 Audit Guide for Manufacturers ... Dec 50
- Here's easy-way job scheduling. H. R. Reep ... Dec 67

Methods and Technology
- Better ideas—better methods ... Jan 68
- 43 ways to use your drillpress ... Feb 68
- $500,000 from better methods. Stanley Cartin ... Mar 78
- Finding better methods ... June 80
- Focusing on lower costs ... Aug 80
- Debugging new equipment for a smooth start-up. T. J. Murrin ... Oct 78
- FACTORY'S 1960 Audit Guide for Manufacturers ... Dec 50

Materials Handling and Plant Layout
- How to spot your plant layout problems. J. M. Apple ... Jan 212
- New job-shop trend: point-of-use storage ... Feb 144

* Less than one page

Tops in mechanized handling:
Everywhere you look, it's no-hands handling..Apr 62
Heavy handling is light work..Apr 64
Fragile parts get tender touch..Apr 65
Whatever it is, this system handles it..Apr 66
Ten top plants at work..May 151
Ten top answers in handling..May 168
Fastest warehousing you ever saw..July 68
Today's hottest handling trends..July 80
How packaging can lift your profit two ways..July 82
Getting your best plant layout. Richard Muther..Aug 68
13 good ways to spend $1000 for better handling..Sept 104
FACTORY'S 1960 Audit Guide for Manufacturers..Dec 50
Six Modernization Case Books
Production..Nov 42
Maintenance..Nov 108
Material Handling..Nov 156
Buildings..Nov 210
Plant services..Nov 252
Electrical services..Nov 306

Plant Management

Organization and Policies
Managed modernization at work..Jan 41
Making managed modernization work..Jan 42
Marketing: best pacesetter for modernizing..Jan 50
Five ways to modernize your plant..Jan 54
Seven tips on modernizing management..Jan 57
Better way to measure your managers. Carl Heyel..Feb 62
Solving your plant problems by simulation. Green, Calhoun & Haines..Feb 80
Doing something about production cost accounting. E. W. Ziegler..Mar 140
How new materials hit a plant..Mar 228
Pinpointing soft spots in costs. Donald Hoodes..Apr 68
Picking the ten top plants..May 61
Improving production tools..June 78
Problem-solving math made easy. Dorian Shainin..June 84
Better decisions on mechanizing. G. E. Johnson..July 62
Fitting today's new specialist into your plant organization. Auren Uris..Sept 224
Organizing for modern quality demands. Smith & Wortham..Oct 168
Personnel Development
Six key workforce problems in '59..Jan 67
What you should know about managers' tenions..Feb 86
Yes, you **can** get the boss's ear. Auren Uris..Apr 208
How to talk—and listen—better. J. H. Morrison..June 91
Staffing up the ten top plants..June 194
A new breakthrough in management development. G. A. Hoy, Jr..July 74
Employee Relations
Does your suggestion pay off? Anvil & Cassell..Mar 76
What uniforms will do in a plant. Virginia Meredith..Mar 190
Top plant specifications..May 143
The alcoholic: who he is, how you can help him. A. H. Cain..June 244
9 tips on arbitration costs..Aug 78
How to follow through after your employee attitude survey..Sept 192
20-point maintenance safety program. W. G. Meier..Oct 82
Shift scheduling made easy. W. C. Healy..Oct 87
Coming: a new kind of labor leader. A. E. Adams..Oct 182
Labor Costs
Honest-John handling incentive. Ervin Seltzer..Jan 192
What you should know about productivity. M. J. Murphy..Apr 246
Indirect wages: they're still soaring..June 101
Indirect wages up in six cities..July 90
Indirect wages: climbing coast to coast..Oct 104
Setting up supervisory incentives. R. F. Smyth..Oct 204

Editorials

How can we get better cost facts?..Feb 61
Needed: a sharp eye on change..Mar 61
New light on productivity..Apr 61
Material handling—growth and challenge..June 73
First costs vs. ownership costs..July 61
Let's take a look at cost engineering..Aug 59
Modernize your thinking..Sept 97
Overcoming "sit-back-itis"..Oct 77
The power of practical ideas..Nov 39
Failure at the bargaining table..Dec 41

Know-How Index

A

Abrasives
Brushes live longer..Nov *118
Tape holds parts down flat..Jan *75
Wear plates live two lives..Nov *116
Absenteeism
Absenteeism swings low..Dec *113
Cure for absence: spread the responsibility..Jan *208
Sputnik for attendance..Apr *162
Accidents (see **Safety engineering**)
Air Conditioning
Columns handle air..Nov *223
Cool, man, cool..July *138
Cool spot in hot shop..Nov *215
Cooled four ways..June *146
Hot and cold walls..Nov *214
How 11 plants cut cooling loads..Aug *74
It's cool inside..Aug *126
Monitor panel tells building climate..Nov *270
No-duct ceiling..Aug *137
Payoff formula for summer cooling..Sept *169
Plant services in the right place..July *130
Radiant-cool walls..Nov *265
Sealed Venetian blinds..Nov *220
Shaft repair—fast..Nov *124
Water—Nature chills plant water..Nov *268
Air Pollution
Dust in the bag..June *149
New incinerator gobbles up smog..Apr *127
Nine ways to cut dust hazards..July *134
Scrubs air at high speed..Nov *262
Apprentices (see **Employee training, Maintenance training**)
Assembly Techniques
Bakes up meters..Dec *113
Conveyor cuts assembly cycle..Mar *110
Conveyor ups production 50%..Oct 145
Everything in easy reach..Nov *163
Finding better methods..June 80
Heavy assembly without lift or strain..Nov *167
Kits speed assembly..Nov *66
Makes a snap of cable assembly..Apr *122
Nameplate mix-up ended..Nov *307
Parts stored on the line in "lazy susan"..Nov *52
Printed circuit rival?..Nov *315
Speeds missiles..Aug *130
Studs cut assembly cost..Nov *50
Tiny parts made just right..Nov *52
Automatic Operation
Automatic testing for missile parts..Mar *111
Automatic tumble and wash..Aug *134
Coils get pushbutton exam..Nov *44
Converts control data faster..July *126
Converts steel to finished grating..Sept *168
Debugging new equipment for a smooth start-up..Oct 78
Does everything to wire..Nov *54
Finding better methods..June 80
Guards automatic packaging..Nov *170
Hard-facing goes automatic..Mar *123
How to spot your plant layout problems—and find the answers..Jan 212
New control console speeds testing..Mar *116
New rolling mill speeds production..Mar *121
No-hands precision..Sept *172
No operator needed here..Apr *123
Numerical controls pay off faster..Jan *74
Pint-size conveyors carry nutmeats from process to storage..Nov *168
Productivity upped ninefold..Nov *58
Punched cards speed sand mixing..Mar *113
Robot moves hot items..June *147
Strong arm has light touch..Oct *154
Tailored tools tame tough tasks..Feb *123
Tape control builds tire..Nov *42
Tape control moves into the job shop..Apr *121
Tapping for $1200 less..Nov *60
Test device pays 11 for 1..Nov *66
Vertical mount saves space..Nov *157
What three plants have learned about tape control..Apr 140

B

Budgeting and Cost Control
Better decisions on mechanizing..July 62
Cost control—past, present, and future..Mar 62
Cost-cutters get fast action..Apr *128
Creating a climate for ideas..June 74
Explains why it costs more..Oct *150
How cost control grew up..Mar 64
Inventory counts faster..Nov *52
New way to find when to buy..Aug *138
Problem-solving tool: dynamic evaluation..Sept 98
What's ahead in cost control..Mar 68
Where cost control stands today..Mar 66
Building Upkeep
Built to be used..Nov *219
Built-in low-cost maintenance..May 160
Covering monitors cures drafts..May *230
Easy housekeeping and better safety..Nov *264
Fabric seals wall holes..June *143
Glass tile for a colorful wall..Nov *216
Going modern with glass..Nov *214
"Hot Box" does a better job..Mar *114
Making managed modernization work..Jan 42
Now—a clean roof..Oct *156
Old face made new with curtain-wall panels..Nov *222
159 ways to build low-cost maintenance into your plant..Apr 172
Repairs don't stop production..Feb *126
Spots fire before it's visible..Apr *128
Up, down, sideways..Dec *116
Updating plant buildings..June 76
Building Upkeep (see also **Plant design and construction**)

C

Capital Spending
- Better decisions on mechanizing ... July 62
- Creating a climate for ideas ... June 74
- Five ways to modernize your plant ... Jan 54
- How to modernize old plants for higher productivity ... Oct 92
- Improving production tools ... June 78
- Making managed modernization work ... Jan 42
- Managed modernization at work ... Jan 41
- Marketing: best pacesetter for modernizing your plant ... Jan 50
- Town saves plant ... Oct *154
- Your winning ticket in 1960 ... Aug 84

Charity Donations (see **Public relations**)

Clothing
- Bootery on wheels ... Oct *156
- Ghosts handle hot steel ... July *140
- High-level lockers ... June *154
- What uniforms will do in a plant ... Mar 100

Communicating Systems
- Do-it-yourself ideas whack hard at costs ... Oct 155
- Gets data faster ... July *140
- Gets materials in faster ... Feb *125
- Guard opens faraway doors ... Nov *252
- New twist in plant phones ... Sept *165
- Newest in two-way radio ... Sept 272
- Newest phone dialing system ... Feb *122
- Saves time and steps ... Dec *112
- Shifts change without production blind spots ... Nov *124
- Shop talk made easy ... Nov *270
- Stores checked by phone ... Nov *54
- TV speeds quality data from lab to production ... July *136
- TV ties operations together ... Nov *42
- Ten cameras watch 43 truck docks ... Feb *126

Containers
- Cartons from above ... Nov *168
- Everything in easy reach ... Nov *161
- Non-skid potion cuts breakage ... Jan *80
- Sacks save $3000 a year ... Nov *264
- Same place—More space ... Nov *156
- Scrap gets fast heave-ho ... Nov *172

Conveyors
- Conveyor cuts assembly cycle ... Mar *110
- Conveyor runs outside and in ... Mar *122
- Conveyor ups production 50% ... Oct 145
- Creating a climate for ideas ... June 74
- Flip-type conveyor-table saves handling ... Nov *157
- Handles big steel members easier ... Jan *75
- Heavy assembly without strain ... Nov *167
- Here's really automatic handling ... Feb *127
- How they're doing a sweet handling job ... Jan *77
- Longer hooks, shorter costs ... Nov *158
- Lubrication built-in—nylon wheels for monorail conveyors ... Nov *120
- Making conveyors do new tricks ... Aug *136
- No storage—no heavy lifting ... Dec *114
- Parts backlog on belt ... May *228
- Pint-size conveyors carry nut meats from process to storage ... Nov *168
- Reaches out for drums ... Nov *160
- Scale removal—dirty job no more ... Nov *108
- Special conveyor speeds assembly ... Feb *124
- Straying parts sound own alarm ... Apr *134
- System makes shipping simple ... Dec *111
- Tops in mechanized handling:
  - Everywhere you look it's no-hands handling ... Apr 62
  - Heavy handling is light work ... Apr 64
  - Fragile parts get tender touch ... Apr 65
  - Whatever it is, this system handles it ... Apr 66
- Tunnel unsnarls traffic ... Nov *158
- Van unloaded in four minutes ... Mar *122
- Vertical travel easy ... May *219
- Wheels—no-spark conveyor wheels ... Nov *167

Corrosion Control
- Aluminum guards steel ... Nov *315
- Billion-dollar paint thief ... Aug 140
- Detects all corrosion ... June *141
- Don't junk leaky tanks ... Nov *116
- Now foam spray protects, insulates ... Dec *109
- Plastic-steel combo ... Nov *126
- Tile—looks good—is good ... Nov *219

Cost Control (see **Budgeting and cost control**)

Cranes
- Aluminum crane hoists 200 tons ... Mar *113
- Crane moves in half circle ... Mar *121
- Crane runs on stilts ... Nov *172
- Earthmover handles radioactivity ... Nov *170
- Little clamp, big help ... Nov *160
- A mechanical claw for hot billets ... Apr *129
- Moves missiles all over ... June *147
- Narrow space no barrier ... Nov *168
- New cranes use old ways ... May *227
- Tops in mechanized handling:
  - Everywhere you look, it's no-hands handling ... Apr 62
  - Heavy handling is light work ... Apr 64
  - Fragile parts get tender touch ... Apr 65
  - Whatever it is, this system handles it ... Apr 66
- Truck crane reaches high ... Nov *158

D

Disaster Control—What to do when your power fails ... Aug 152

Dust (see **Air pollution**)

E

Electric Control
- Coming up fast: static switching ... Feb 232
- Easy-to-make schedule board ... Nov *324
- Motor juggling saves the day ... Feb *120
- Nameplate mix-up ended ... Nov *307
- New control console speeds testing ... Mar *116
- Numerical controls pay off faster ... Jan *74
- Open valves—not switches ... Nov *320
- Poster says, "Do me first" ... Nov *322
- Power for top plants ... May 176
- Rectifiers step in for batteries ... June *143
- Remote controls speed work ... Nov *162
- TV watches kilns ... Sept *172
- Typist's tool helps to wire panel assemblies ... Nov *322
- Vibration halts compressor ... Nov *324
- Wire can't rewind during panel assemblies ... Nov *307

Electric Equipment
- Can't trip this control switch ... Apr *134
- Change planned, trouble avoided ... Oct 149
- Gas cools steel ... Nov *306
- Induction heating at UHF ... Nov *312
- Motor juggling saves the day ... Feb *120
- New power ideas spark new mill ... July *132
- Now—transformers made of aluminum ... Mar *120
- Puts switches in open view ... Feb *120
- Saving power cuts costs ... Apr *122
- Switches—open switches now safe ... Nov *320
- Take punch out of batteries ... Dec *117
- Welding at 12,000 F ... Nov *322

Electrical Instruments, Controls
- Automatic combustion control system for economy ... Nov *308
- Coils—five-in-one testing ... Nov *307
- Fire sleuth guards machines ... Nov *332
- Fires spotted fast ... Nov *320
- Flip-top guard ... Dec *120
- Gage checks thin skin wall thickness ... Nov *44
- Getting what you need in automatic controls ... Mar 70
- "Gun" magnetizes flywheels ... Nov *324
- Insulation tested ... Sept *163
- Meters mounted in doors cut errors ... Nov *334
- Motor juggling saves the day ... Feb *120
- No glasses, no power ... June *147
- Powder neatly handled ... Nov *114
- Precision "masters" maintain top accuracy in testing ... Nov *312
- "Sees" inside windings ... Nov *330
- Tape control builds tire ... Nov *42
- Test panel is easy to make ... Nov *332
- Tight control at 2200 F ... Nov *330

Electric Maintenance
- Batteries—chart implifies charging ... Nov *315
- Fuse explosions ended ... Nov *330
- Good plugs glow ... Sept *169
- Insulation tested ... Sept *163
- Motors cleaned for 80¢ less ... Nov *332
- Motors self-cleaned ... Nov *334
- New weapon for plant troubleshooters ... Dec 64
- Power factor improved the easy way ... Nov *334
- Power waste cut 75% ... Nov *314
- Pull box tangles unsnarled ... Nov *308
- Pumps—shop-made emergency pump ... Nov *308
- Safe no-arc testing ... Nov *312
- Siren saves motors ... Sept *175
- 16 clear signs that say "Power troubles ahead" ... July 70
- Strips insulation faster ... July *128
- Switches—safety switch substitute ... Nov *306
- Tubes last longer if used ... Nov *320
- Welders aided by portable analyzer ... Nov *334
- What to do when your power fails ... Aug 152

Electric Motors
- Fans—hinges speed upkeep ... Nov *330
- Motor juggling saves the day ... Feb *120
- Motors cleaned for 80¢ less ... Nov *332
- Motors self-cleaned ... Nov *334

Electric Power Distribution
- Aluminum guards steel ... Nov *315
- Brimming with new ideas ... May 116
- Built for coming boom ... May 108
- Change planned, trouble avoided ... Oct 149
- Five ways to modernize your plant ... Jan 54
- Fuse explosions ended ... Nov *330
- Gem at a budget price ... May 104
- Getting "extras" from your electrical expert ... Oct 230
- Meters mounted in doors cut errors ... Nov *334
- New power ideas spark new mill ... July *132
- 9 rules cut power costs ... Nov *322
- Pacesetting job shop ... May 84
- Planning an electrical future ... Mar *115
- Plant for a giant job ... May 96
- Plant with personality ... May 92
- Plant with three jobs to do ... May 80
- Power factor improved the easy way ... Nov *334
- Power for top plants ... May 176
- Pull box tangles unsnarled ... Nov *308
- Puts electricity where it's needed ... July *138
- Room to stretch in ... May 88
- Safe no-arc testing ... Nov *312
- 16 clear signs that say "Power troubles ahead" ... July 70
- Switches—no "guess which switch" ... Nov *324
- Switches—safety switch substitute ... Nov *306
- This beauty has brains ... May 112
- Your pushbutton bakery ... May 100

Electric Transformers—Change planned, trouble avoided ... Oct 149

Carrier Corporation—$500,000 from better methods ... Mar 78
Catalytic Construction Company—Contract maintenance (interview with Alan McCone):
The facts about CM ... July 170
Payoff vs. costs in CM ... July 190
Labor problems in CM ... July 202
Convair Division, General Dynamics Corp.—What three plants have learned about tape control. H. P. Kilroy ... Apr 140
Cutler-Hammer, Inc.—Room to stretch—and grow in ... May 88
DeLaval Separator Company—Making managed modernization work ... Jan 42
Delta Power Tool Div., Rockwell Manufacturing Company—43 ways to use your drillpress ... Feb 68
Du Pont, E. I. de Nemours & Co.—How you can hit the high cost of handling in maintenance. J. D. Wray ... June 94
Elliott, George Company, Inc.—Now those unmeasurable jobs are measurable ... Feb 192
Esso Standard Oil Refinery—What uniforms will do in a plant. Virginia Meredith ... Mar 190
Exide Industrial Div. Electric Storage Battery Co.—Honest John handling incentive. Ervin Seltzer ... Jan 192
General Electric Company
Finding plant facts faster. L. H. Clark ... Mar 82
Here's easy-way job scheduling. H. R. Reep ... Dec 67
General Motors Institute—Better decisions on mechanizing. G. E. Johnson ... July 62
General Motors Technical Section—New weapon for plant troubleshooters ... Dec 64
Heald Machine Company—Master-planning modernization ... Jan 47
International Business Machines Corp.—Plant with its own personality ... May 92
Kaiser Aluminum & Chemical Corp.—Giant plant for a giant job ... May 96
Liberty Mutual Insurance—Three rules to help you stop thieves in your plant. J. A. King ... Aug 168
Life Extension Foundation—What you should know about managers' tensions ... Feb 86
Lilly, Eli, & Company—A brand-new breakthrough in management development. G. A. Hoy, Jr. ... July 74
Lockheed Aircraft Corp.—Georgia Div.—Newest way to cut the cost of your instrument maintenance. Lady & Matthews ... June 160
Lukens Steel Company—Solving your plant problems by simulation. Paul Green & others ... Feb 80
Markem Machine Company—Better ideas—better methods ... Jan 68
Maynard, H. B., & Co., Inc.—Work measurement. H. B. Maynard ... Aug 60
Monsanto Chemical Company Plastics Div.—Cutting costs on small repairs. C. E. Knight ... Mar 216
Muther, Richard & Associates—Getting your best plant layout. Richard Muther ... Aug 69
National Biscuit Company—Here's your pushbutton bakery ... May 100
Parke, Davis & Co.—20-point maintenance safety program. W. G. Meier ... Oct 82
Pitney-Bowes, Inc.—Six plants work together as one ... Dec 42
Quaker Oats Company—This PM program fits anywhere. K. H. McBrady ... Jan 60
Rath & Strong, Inc.—Problem solving math made easy. Dorian Shainin ... June 84
Reliance Electric & Engineering Co.—Midwest Distribution Center—Fastest warehousing you ever saw ... July 68
Rohr Aircraft—What three plants have learned about tape control. H. P. Kilroy ... Apr 140
Rust Engineering Company—159 ways to build low-cost maintenance into your plant ... Apr 172
Smyth & Murphy Associates, Inc.—Setting up supervisory incentives. R. C. Smyth ... Oct 204
Split Ballbearing, A Division of MPB, Inc.—Gem of a plant at a budget price ... May 104
Square D Company—Built for the coming boom ... May 108
Sterns Control Corporation—How to get exactly what you need in automatic control systems ... Mar 70
The Stuart Company—This beauty has brains, too. May 112
Tator, Kenneth Associates—Billion-dollar paint thief ... Aug 140
Texas Instruments, Inc.
Brimming over with new ideas ... May 116
Organizing for modern quality demands ... Oct 168
Texas Instruments, Inc., Semiconductor Components Division—Seven tips on updating management ... Jan 57
Thatcher Furnace Company—When product changes call for new processes, modern handling ... Jan 52
Union Carbide Chemicals Company—How to gage maintenance output. A. M. Robinson ... Feb 220
United Air Lines—Work sampling in maintenance ... Dec 72
Western Auto Supply Co.—How to talk and listen—better. J. H. Morrison ... June 91
Westinghouse Electric Corp.
Big company V. P. takes aim at 1960 costs—interview with Donald C. Burnham ... Dec 59
Change planned, trouble avoided. R. V. Bruce ... Oct 149
Debugging new equipment for a smooth start-up. T. J. Murrin ... Oct 78
Tops in mechanized handling
Everywhere you look, it's no-hands handling ... Apr 62
Heavy handling is light work ... Apr 64
Fragile parts get tender touch ... Apr 65
Whatever it is, this system handles it ... Apr 66
